Model Teacher Work Session

Team worked in small groups to finalize the following:

- Made grammatical corrections on Model Teacher scoring Rubric w/artifact links
- Reviewed and make edits to Model Teacher Initial application. Submission dates need to be confirmed per past conversations (George?)
- Created paragraph describing TQP for homepage
- Began to create the Model Teacher Page using the language of the contract.
- Discussed application process details. Next steps: determine process.
- All TQP documentation has been migrated to new web site. Site will go live after Model Teacher process is finalized, likely following 12/20 TQP meeting.
